

FAIRFIELD

2021-2022 ATHLETIC HANDBOOK

Dear Fairfield Local School Student-Athlete and Parents/Guardians:

This handbook is presented to you because your son/daughter has indicated a desire to participate in interscholastic athletics, and you have expressed your willingness to permit him/her to compete. The Fairfield Local Schools Athletic Department believes that a dynamic program of student activities is vital to the educational development of the student. Its Athletic Program will provide a variety of experiences to aid in the development of favorable habits and attitudes in students that will prepare them for adult life..

The Fairfield Local School District is very proud of the wide variety of opportunities for athletic participation. These opportunities are believed to be a critical part of a student's total development as they assist in the building of positive character and leadership traits.

Young people learn a great deal from their participation in interscholastic athletics. Lessons in sportsmanship, teamwork, competition and how to win and lose gracefully are integral parts of each team in our athletic program.

Likewise, it is felt that you have committed yourself to certain responsibilities and obligations. It is the athletic department's intent through this handbook to acquaint you with policies that are necessary for an organized program of athletics. This handbook originated for prospective athletes and their parents/guardians to become familiar with the Interscholastic Athletic Code of Conduct and the policies of the Fairfield Local Athletic Department.

These rules need broad-based community support to be fully effective. This is only achieved through communication amongst all parties involved. It is our hope that this handbook serves as a means to accomplishing this objective.

Yours in sports,

Tony Williams

PURPOSE

This athletic handbook is designed to explain and to inform athletes and their parents or guardians of the rules, regulations and policies relative to participation in interscholastic athletics at Fairfield Local Middle and High School.

Participation in middle and high school athletics is a privilege which carries with it varying degrees of honor, responsibility and sacrifice. Since athletic competition on high school teams is a privilege and not a right, those who choose to participate will be expected to follow the Code of Conduct established by the administration, and other specific rules for their sport. Authority for the conduct of athletics in Ohio is governed by the Ohio High School Athletic Association (OHSAA) via the principals of member schools. The principal is assisted by the athletic directors and head coaches. As stated in the OHSAA By-laws: any school may establish their own set of guidelines above and beyond those set by the state. The athletic department and administration need and depend on parent/guardian help and cooperation to aid coaches and athletic directors in promoting a successful athletic program. Athletes represent their school and student body. Athletes are to conduct themselves in a manner that is becoming to Fairfield Local Schools and the community.

ATHLETIC PROGRAM MISSION STATEMENT

Fairfield Local Schools is dedicated to provide a comprehensive athletic program emphasizing sportsmanship, moral character, team spirit, self-discipline, individual and team commitment, school loyalty and competitive athletic interaction. The athletic program will be designed to allow for the greatest number of student participants possible while encouraging academic excellence through high academic standards.

ATHLETIC PROGRAM PROFILE

Fairfield Local Schools supports sports for girls and boys. All students with sufficient ability are eligible to participate, provide they meet the established scholastic standards and conduct requirement.

High school girls are offered an eight sport program which includes cross country, golf, soccer, and volleyball in the fall; bowling and basketball in the winter; and softball and track in the spring. Boys are offered a seven sport program which includes cross country, golf, and soccer in the fall; bowling and basketball in the winter; and baseball and track in the spring.

Fairfield High School is a member of the Southern Hills Athletic Conference (SHAG). The conference has two divisions. Members of the small school division are Fayetteville, Whiteoak, Fairfield, Peebles & Manchester. Members of the large school division are Lynchburg, Eastern Brown, North Adams, West Union and Ripley.

ATHLETE DEFINED

The Fairfield Local School District athlete is defined as all young men and women who represent a team that engage in interscholastic competition of OHSAA sanctioned sports and further includes student managers, athletic training student assistants, statisticians, and cheerleaders.

SPORT SEASON DEFINED

Each sport season is defined by the OHSAA by-laws. Each sport season begins with the first day of authorized practice and concludes on the date on which the team is eliminated from the OHSAA state tournament series.

HEALTH INSURANCE/ STUDENT ACCIDENT INSURANCE

Fairfield Local School administrators, coaches and athletic trainers are safety conscious and are trained to instruct athletes in the safe and proper techniques of their particular sports; however, due to the nature of athletic activity, injuries do occur. The school provides the opportunity for participation while the parent retains the right of denial for such participation.

Students who plan to participate in athletics must have adequate insurance through their family insurance or carry student insurance to cover the cost of injuries. Fairfield Local Schools does not carry a second level insurance to cover student injuries and/or to cover loss or damage to a student's personal property.

Parents/Guardians will be responsible for all medical costs associated with athletic participation. The insurance section on the OHSAA physical / consent release certificate must be completed and the athletic office should be notified of any changes in status. Fairfield Local Schools does not provide accident insurance for its athletes. The athletic department strongly advises that parents purchase insurance to cover athletic injuries and the cost of treatment. All student-athletes are given the opportunity to purchase Student Accident Insurance Plans. This is accident insurance that is purchased by the family and all interested parents should purchase the policy before their athlete's practice season begins. Forms for this accident insurance are available at the Fairfield District Office.

PHYSICAL EXAMINATIONS

Every student-athlete is required by Fairfield Local School District and the OHSAA to have a current physical examination by, or shall provide certification from, a physician holding an unlimited license to practice medicine who shall clear the student for athletic participation using the current OHSAA pre-participation evaluation form and a Consent/Release certificate completed and on file with the athletic office prior to the first practice of any sport. Fairfield Local requires that the student-athlete have this physical on file prior to the first workout/open facility each year. Physical examinations and submitting the completed forms to the coaching staff and or athletic directors are the responsibility of the athlete and his/her parents/guardian.

All athletes, including cheerleaders, MUST have a current physical exam on file in order to participate in practice and events. Physicals are good for one calendar year from the date they are obtained. (EXCEPTION: If a student obtains a physical exam between May 1 and June 1, that physical will be good for not only a calendar year, but the entire school year.

Current OHSAA physical forms are available at the Fairfield athletic office and on the Fairfield Local Schools web site and at all local physician's offices.

ACKNOWLEDGEMENT OF RISKS

When participating in any type of athletic activity, there is always a possibility that an injury can occur. Statistically, an athlete will suffer at least one injury during their athletic career that requires that he/she miss a number of practices and/or games.

There are several types of injuries that can force an athlete to miss practices and/or games. Some of the more common injuries that occur in athletics are strains (stretching or tearing of

muscle and tendon tissue), sprains (stretching or tearing of ligaments), and contusions (bruises of soft tissue or muscle tissue). These three types of injuries can vary in their severity. In the case of mild strains, sprains, and contusions, the athlete will feel some discomfort but will be able to continue his or her participation in athletics. In severe cases of strains, sprains and contusions, the athlete may miss a large amount of time participating in his or her sport. Some severe injuries may need to be surgically repaired and require an extended period of physical therapy.

Athletes can also experience more serious injuries such as fractures, dislocations, concussions, internal injuries, spinal injuries, or death. Fortunately, most of the injuries that occur with athletics are mild strains, sprains and contusions and the athlete misses little or no participation.

It is important to remember that statistically, athletes are much safer than those who participate in riskier types of physical activity.

Athletes can decrease their chances to be injured by adhering to the following guidelines.

1. Use the proper athletic techniques that are taught by the coaches.
2. Condition properly during the preseason and work to stay in condition.
3. Get proper rest and nutrition.
4. Refrain from risky behavior on the athletic field or in the locker rooms.
5. Wear proper fitting protective equipment.
6. Keep all protective equipment in working order.
7. Stay alcohol and drug free.

Remember that some serious or severe injuries still occur when the athlete follows the above guidelines. However, those who disregard the above guidelines are at greater risk to sustain a serious or severe injury.

Athletic participation benefits people by teaching self-esteem, team unity, proper health and fellowship. Most people agree that the benefits of participating in athletics outweigh the risks. The coaching staff of Fairfield Local School District wants its athletes and parents/guardians to understand that there are risks involved with participating in athletics. The coaching staff will continue to teach and practice only those techniques that promote safe participation, but the staff realizes that some athletic injuries will continue to occur. The staff hopes that the athletes and parents/guardians alike will take the time to learn more about athletic injuries and how to best avoid them. It will take a "team" effort from coaches, athletic trainers, athletes and their parents/guardians to continue to provide safe participation for all of those involved. We hope that we can count on your support in this endeavor.

Concussions

"Any athlete suspected of having a concussion should be evaluated by an appropriate health care professional that day. Any athlete with a concussion should be medically cleared by an appropriate healthcare professional prior to resuming participation in any practice or competition."

The language above appears in all National Federation sports rule books as part of the suggested guidelines for the management of concussion. It reflects a heightened emphasis on the safety of athletes suspected of having a concussion, especially since the vast majority of concussions do not involve a loss of consciousness. The following suggested guidelines provide the technicalities when an athlete in a contest or a practice in an OHSAA recognized sport sustains an apparent concussion.

1. No student athlete should return to play or practice on the same day that the student suffers a confirmed concussion.
2. Any student athlete suspected of having a concussion should be evaluated by an appropriate health care Professional that day.
 - a. If it is confirmed during a contest or practice by the school's health care Professional that the student did not sustain a concussion or head injury, the health care Professional shall issue clearance to return to play. If the event occurred during a contest which continued, the head coach may advise the officials during an appropriate stoppage of play, and the student athlete may reenter competition pursuant to the contest rules.

If the event occurred during a contest, the contest concludes, and the health care Professional did NOT clear the student athlete for return to play, the student athlete should be subject to an appropriate return to play protocol which includes clearance to return to play, in writing, by a health care Provider, and should not be issued on the same date on which the athlete was removed from play.

Any student athlete with a confirmed concussion or head injury should be medically cleared by an appropriate health care Provider prior to resuming participation in any practice or competition. After medical clearance by an appropriate health care Provider, return to play should follow a step-wise protocol with provisions for the delay of the return to play based upon the return of any signs or symptoms.

ImPACT-Immediate Post Assessment And Cognitive Testing

All athletes will be given a 20 minute baseline test on the computer at the beginning of their first season at Fairfield High School. If an athlete has a concussion, they retake the test. It is suggested that the initial evaluation is 24-72 hours after injury. If, ImPACT results are abnormal or the athlete remains symptomatic, follow-up evaluations should be conducted at approximately five-day intervals.

Post concussions test results are compared to the baseline test. The clinical use and analysis of ImPACT is an integral part of the protocol which assists clinician in their evaluation process of the recovery and in return to play decisions.

The ImPACT test will be administered by the athletic trainer prior to the athlete's first contest.

CODE OF CONDUCT

A student who is a member of a Fairfield athletic team in any capacity (athlete, cheerleader, student manager, athletic training student assistant, or statistician) must be willing to assume the responsibilities that go along with being a member of a team and wearing the red, white, and black. The student body, the community and others often judge our school by our student athletes' conduct and attitude on and off the field, in season and out of season. Student athletes and athletic support personnel are role models and therefore, are expected to be positive examples in school citizenship, scholastic effort, leadership, and in personal appearance.

Examples of such conduct include any illegal activity; any non-illegal activity that is lewd, vulgar, obscene, indecent, or that portrays sexual conduct done in a manner whereby the community learns of such activity, or any activity that degrades, demeans, or disparages any coach, activity sponsor, school official or student.

Any student involved in an assault, possession of a weapon, intimidation toward staff or students, arson, theft, vandalism, falsifying school records, drugs, alcohol, fighting, extortion, hazing and other similar serious violations will be subject to immediate suspension pending a hearing of the facts to determine the school's course of action.

It is expected that students will follow common rules of courtesy. Violations of rules of common courtesy include the failure to follow staff members' directions, talking back to a staff member and the use of abusive or obscene language directed toward a staff member.

Students are prohibited from wearing messages on clothing, jewelry and personal belongings that relate to drugs, alcohol, tobacco, weapons, violence, sex, vulgarity, or that reflect upon persons because of their race or ethnic group.

All rules regarding behavior and /or training as outlined in the OHSAA regulations apply. The Code will be reinforced by the coach of each sport during the year. Parents/guardians and athletes are required to sign the acknowledgment, consent, injury awareness and disclosure document stating that they understand the Code and the athlete is subject to disciplinary measure should he/she violate the Code.

Evidence of violations of the Code may be determined by but not limited to the following: established charges filed by law enforcement officials or agencies, observation by members of the athletic staff, a faculty or staff member or administrator, or by the admission of the offender.

Any alleged violation of the Code shall be reported to the principal or his/her designee and then is to be followed by an investigation by any or all of the following people... coach, sponsor, athletic directors, principal or his/her designee. The student shall be suspended from their team while the investigation is on going.

Be it understood that the Code of Conduct policy is in effect twenty-four (24) hours a day, twelve (12) months a year. Furthermore, violations of the Code are cumulative from season to season and year to year throughout the student/athlete's high school career.

During grades 7-12, students in violation of the code of conduct will be subject to the following penalties:

The removal from participation will remain in effect during the appeal process.

TEAM RULES

A coach may make team-specific rules that are more restrictive than this code. Such rules must be approved by the athletic director prior to implementation and on file in the athletic office. ELIGIBILITY

Academic Eligibility

Grades 9-12: To be eligible, a student-athlete must have received passing grades in a minimum of five one credit courses, or the equivalent, in the immediately preceding grading period.

Grades 7 & 8: To be eligible, a student-athlete must have received passing grades in a minimum of four of all subjects in which enrolled the immediately preceding grading period.

Eligibility Periods: For the purposes of academic eligibility, there will be an eligibility period after each nine weeks grade is checked. Should a student not receive their five units of credit throughout a nine week grading period, they are ineligible for the next nine week grading period, five days after the nine weeks grades have been turned in.

Grade Checks: Each athlete's grades will be checked periodically approximately every two weeks by the coach and/or athletic director so that there may be a joint effort between the coach and athlete to maintain their grades throughout a given season.

Conditions of Ineligibility: During the period of ineligibility, a student shall NOT be permitted to dress or travel with the team, be seated with the team at a game or participate with the team or group at any planned performance or public competition. However, the student shall be permitted to practice with the team at the coach and/or athletic director's discretion.

Applicability: FFA, Band, Choir and School Yearbook are considered co-curricular activities, and are therefore exempt from some of the requirements.

College Credit Plus (CCP) Student: Academic standing requirements apply to College Credit Plus students, within the framework of the academic calendar of the college or university through which they are taking courses. (Their eligibility will be determined at the mid-point and end of their respective academic quarter or semester)

Special Eligibility Concerns For Athletes: As Fairfield Local Schools is a member, in good standing of the Ohio High School Athletic Association (OHSAA), we follow all athletic rules and regulations prescribed by the OHSAA. Therefore, all athletes must maintain OHSAA standards, academic and otherwise, in order to remain eligible.

It is highly recommended that any athlete considering participating in college level athletics upon graduation from high school consult with both the guidance counselor and athletic director to become knowledgeable of special college entrance and eligibility requirements for such participation.

Parents and students share the responsibility to comply with scholarship standards. Therefore, a student should be advised not to drop a class without first consulting with the athletic administrator to determine whether it will affect athletic eligibility.

Incompletes: An incomplete in a course at the end of a grading period or semester counts as a failure until deficiency has been removed.

Disciplinary Eligibility

Any student who is suspended from school for any disciplinary reason shall not be permitted to participate in extra-curricular activities for one day for each day of suspension up to a maximum of 5 days following his/her return to school. During this time it is expected that the student will demonstrate intent to seriously pursue his/her academic education and fulfill his/her responsibilities as a student to the rules and regulations of the school.

Any student who is expelled from school for any disciplinary reasons shall not be permitted to participate in an interscholastic athletic contest for one nine week grading period following his/her return to school. Students returning in the fall from a spring semester expulsion will not be permitted to participate in an interscholastic athletic contest for the first nine weeks of the new school year.

Any athlete who has been ejected from an OHSAA contest for an unsportsmanlike act shall be suspended from the next interschool contest at that level of competition and all other interschool contests at any level in the interim, in addition to any other penalties assessed.

None of the above is seen as a forfeiture of the right and responsibility of the school administrators to protect the image of the school by removing a student from participation in any extra-curricular activity at any time that the student's participation is not in the best interest of the school corporation.

None of the above is seen as a forfeiture of the right of coaches to set additional non-academic rules which regulates participation of students in extra-curricular activities.

Suspensions by Due Process: A school due process suspension (out of school) makes a student-athlete ineligible for competition and practice in any activity for the duration of the due process.

ATHLETIC TRANSFERS & RESIDENCY REQUIREMENTS

If a student transfers after the fifth day of the student's ninth grade year or after having established eligibility prior to the start of school by playing in a contest (scrimmage, preview or regular season/tournament contest), the student will be ineligible for 50% of the season from the date of enrollment in the school to which the student transferred. A student is considered to have transferred whenever enrollment is changed from one school to another school, or whenever the student participates in a practice, scrimmage or contest with a school-sponsored squad of a school in which the student has not been enrolled. Subject to the specific provisions of this Section 7 - Transfer - the following exceptions to the general transfer bylaw may apply:

Exception 1: If the parents or legal guardian have made a bona fide legal change of residence from one public school district to another public school district, the student may enroll in either the public school within the boundaries of that public school district that includes the new residence of the parents or legal guardian or any non-public school. The student is ineligible until ruled eligible by the Commissioner's office upon submission of an accurately completed Affidavit of Bona Fide Residence and accompanying guidelines. Parents making a bona fide legal change of residence into the state of Ohio for the first time may enroll the student in any school that accepts that student. That student shall be eligible insofar as transfer is concerned in accordance with this bylaw. Note 1: These forms can be found at <http://www.ohsaa.org/eligibility/forms/AffidavitBonaFideResidence.pdf>. Note 2: See the definition of a bona fide residence in Bylaw 4-6-1.

Bylaw 4-6-1: The districts for all public schools are established by the State Board of Education and defined for athletic purposes. In addition school districts with multiple high schools may establish attendance zones within those districts. In determining one's residence for purposes of these bylaws, the following criteria shall apply: (a) where the parents and family members sleep the majority of the time, (b) where the mail is received, (c) where the meals are prepared and eaten, (d) where the parents are registered to vote, and (e) where important family activities take place during significant parts of each day. Note: It shall not be considered a "bona fide" change of residence as prescribed in Bylaw 4-7-2 Exception 1, or Bylaw 4-7-4 (1) if the parents of a transfer student vacate the residence prior to one year from the date of transfer and the student remains in the school into which the transfer was approved. Penalty for the student: ineligibility for one year from the date the parents vacate the residence.

There are 10 more exceptions to the transfer policy. If you have switched schools or plan to do so you are strongly encouraged to set up a meeting with the Athletic Director to review the entire OHSAA policy to determine eligibility.

PARTICIPATION

A student-athlete must follow OHSAA standards as outlined in the OHSAA By-Laws. Always confer with the athletic director or the OHSAA for participation guidelines.

None of the above is seen as a forfeiture of the right and responsibility of the school administrators to protect the image of the school by removing a student from participation in any extra-curricular activity at any time that the student's participation is not in the best interest of the school district.

None of the above is seen as a forfeiture of the right of coaches to set additional non-academic rules which regulates participation of students in extra-curricular activities.

If an athlete plans to participate on a team outside of the schools jurisdiction and/or participate in a camp or clinic during the summer or school year, they should contact the athletic director before attending any practices or sending any registration fees. The OHSAA rules concerning situations are strict and the athlete must protect themselves from penalties.

WHAT MUST BE DONE BEFORE YOUR FIRST PRACTICE

The following items are to be completed by the athlete and parent/guardian before the first practice with any team:

- take and pass physical examination and have supporting student, parent, and doctor signatures on OHSAA physical form
- meet academic eligibility requirements

- meet OHSAA residency requirements
- meet OHSAA age requirements
- have a Fairfield Local Schools Athletic Packet completed and on file (student emergency medical form, FLSD Athletic Participation Consent Form, FLSD Student Athlete and Student Athlete's Parent Pledge, OHSAA Eligibility Checklist, Ohio Department of Health Concussion Acknowledgment form and FLSD Acknowledgement of Athletic Handbook form)

WHAT MUST BE DONE BEFORE YOUR FIRST CONTEST

In addition to the above, the following items are to be completed by the athlete and parent/guardian before the first contest with any team:

- have the team rules signed by the athlete, parent/s or legal guardian/s.
- attend OHSAA team parent/guardian meeting
- have athletic transfer filed and approved by the OHSAA (transfer students new to Fairfield High School cannot compete in interscholastic contests until an athletic transfer is complete)
- foreign exchange student must have completed appropriate OHSAA form

ATTENDANCE

School and Game Day

Student-athletes are expected to be in attendance both the day of and the day after all weekday athletic contests. Student-athletes must be in attendance the day prior in case of a weekend contest. Student athletes and student staff are expected to be in attendance at school on time the day following all evening weekday contests. Failure to do so may result in suspension of the student athlete from the next event/contest. A student must be in attendance for no less than half of the regular school day to participate in any sporting event or practice. School approved field trips or school activities constitute attending school. Students are only allowed to participate in practice or an event if their absence is verified by a doctor's note, a note from a parent explaining a family emergency, or a note from another meeting involving a professional. Any student who comes to school before the 10:44am (4th period) bell, must present a written excuse to the principal and/or athletic director in order to be approved for practice and/or that evening's contest. Any student who comes to school after the 10:44am (4th period) bell, will be ineligible from participation in that evening's activities unless there has been prior approval from the principal and/or athletic director. Tardiness to any class during the school day is not acceptable.

PRACTICE & PARTICIPATION

A student athlete shall attend and actively participate in regularly scheduled practice sessions to be eligible for interschool athletic competition. Each coach will have an attendance policy for his or her team and student-athletes will need to adhere to this policy to participate on the team.

ATHLETIC TRAINER AND REPORTING INJURIES

The athletic department will assume no responsibility or payment for medical treatment for an injury incurred during practices or contests. A state licensed athletic trainer is employed by

Highland District Hospital for the purpose of treating injuries that are not severe enough to be referred to a doctor. All injuries are to be reported to the coach and to the athletic trainer.

PRACTICES

Regular, Vacation, and School Closing

All team members are expected to attend all practices. Practice schedules during school vacations are set by the coach and only the coach can excuse an athlete from practice. Practices during a school closing time (snow, etc.) are under the discretion of the administration. There will be no penalty for any student who does not participate on a day school is canceled.

If an activity is planned by the OHSAA, which is under no control of our school corporation, our students' participation will be reviewed to determine if attendance and participation is acceptable.

All athletic practices are closed to friends, parents and family members, unless otherwise stated by the coach.

CUTOFF DATE

Each sport will have a cut-off date for being a member of the team. Usually, this date will coincide with the OHSAA guidelines. No one will be accepted on any team after the passing of this date.

EQUIPMENT & UNIFORMS

All equipment issued to an athlete is expected to be returned in the same condition as when issued (excepting normal wear and tear) or the athlete is expected to compensate the Athletic Department for the lost or damaged equipment. Failure to return equipment or to compensate the school for lost or damaged equipment will result in forfeiture of all athletic awards for that sport. No athlete may practice or tryout for another sport until all issued equipment has been turned in, all bills paid, and have been cleared by the previous sports coach. Remember that stealing or wearing stolen equipment is a violation the Code of Conduct. Equipment may not be worn during the school day, at home or on the streets without approval of the coach of that sport.

CONFLICTS BETWEEN ACTIVITIES AND DUAL SPORTS

Activities at Fairfield share many students. From time to time there may be conflicts between times of activities and the athlete will have to make a decision as to which one to attend. Interscholastic sports at the high school level require a substantial time commitment, which usually extends Monday through Saturday from the first official day of practice until the end of the tournament series. A commitment to a high school athletic team indicates that all non-school conflicts will be resolved in favor of the high school team. This would not include such things as significant religious holidays, participating in a relative's wedding, a family member's funeral, etc.

If a conflict between school activities arises, the athlete should notify the coach and/or sponsors involved. They in turn will attempt to resolve the conflict as equitably as possible. The general rule is that a contest takes priority over a practice, if two competitions are involved, the higher level of competition will take priority. If the conflict persists, the parties involved may contact the athletic director.

A student athlete wishing to play two sports during the same season must discuss this with the head coaches of the two teams involved. If both coaches are in agreement that the practice schedules and game schedules can be worked out then the student athlete may participate in

both sports. The coaches involved must make sure that the parents are well aware of all practice and game arrangements prior to the season beginning. Practice schedules will be worked out between the coaches involved. The athlete must meet the requirements of both sports. If the requirements are not met, the athlete may be removed from the sport(s). The coaches involved must also discuss this situation with the athletic director at the time of the initial request by the student athlete. The athlete must complete a dual sport agreement form and turn it into the athletic director. The athlete will choose his or her primary sport and must attend all practices and games scheduled for that sport. One exception to this would be when an athlete has a game/contest for the secondary sport and practice for the primary sport. The game/contest of the secondary sport supersedes practice of the primary sport.

CUTS/QUITTING A SPORT/REMOVAL FROM A TEAM

If an athlete is cut from a team, he/she may join another team or program in that sport season. An athlete has until the first game to decide whether or not he or she wishes to stay out for that sport. If an athlete quits a sport during this grace period he or she must practice two full weeks before he or she will be allowed to participate in another regular contest in a sport being held during the same season.

Any athlete quitting a sport following the grace period shall not be allowed to participate in that sport for the remainder of that season or participate in any other sport that is being played during that season. In addition, the athlete will be required to miss the first 25% of his or her games in the next sport season.

Any athlete that quits a team or is removed from a team for any reason during the season will not be permitted to go out for any other team of that sport season or participate in a practice, conditioning program or weight room activity of any team preparing for an upcoming season.

The end of the sport season is defined as the day following the last scheduled contest for all teams other than varsity; for all OHSAA tournament roster teams, the date that a team is eliminated from the state tourney is considered the conclusion of a sport season.

TEAM SELECTION POLICIES

Coaches of the sports at Fairfield Local Schools have their own policy on how they will choose their teams. In some sports, cutting a team down to manageable size is a necessity. Coaches will explain their policy to candidates for their team at their first meeting. An athlete may be removed from a team at anytime during a season.

CHEERLEADERS

Fairfield cheerleaders are representatives of and ambassadors for our school. In addition to fostering spirit and good sportsmanship, they serve as positive role models for the youth of our community. All requirements for participation which apply to other athletes (such as physicals, Code of Conduct, etc.) also apply to cheerleaders. Cheerleaders are selected in the spring by the Cheerleader coaches and/or certified cheerleader judges. The procedure for selection of cheerleaders is established by the coach and/or athletic director.

The cheerleaders cheer primarily at boys basketball contests; however, they are also occasionally assigned to other sports and related activities.

Cheerleaders must successfully complete the entire school year to count as one sport. Cheerleaders may participate in OHSAA sanctioned sports during the year while a member of the cheer squad. The dual sport policy applies to cheerleaders if they are also a member of a sport team.

Failure of the cheerleader/s to participate in all assigned activities unless released by the coach and/or the athletic director will result in dismissal from the squad.

TRANSPORTATION

The time on the bus is an important team time for many reasons. All athletes are expected to travel to and from away contests with the team. In the event that it is necessary to provide alternate transportation, the following policies are in place:

- A student will **NEVER** be permitted to leave with another student or anyone other than their own parent.
- Coaches are permitted to set their own rules pertaining to how many times per season a parent may take a child home after away games. The parent or guardian may sign out their student in a direct, face-to-face conference with the head coach after the contest, **IF AND ONLY IF, A 24 HOUR PRE-NOTICE FORM HAS BEEN TURNED IN TO THE COACH.** Then, upon signing their child out after the contest, the parent takes custody and full responsibility for transporting him or her home. The school district is released from all liability at that point.
- in the event of an emergency or extremely unlikely occurrence when it is absolutely necessary for the parent or guardian to transport a student from a contest, permission must be granted by the Principal or game administrator. The parent taking the student must sign them out in a direct, face-to-face conference with the head coach after the contest. The parent takes full responsibility for transporting the student home or to another destination. The school district is released from all liability at that point.

GROOMING AND APPEARANCE

Fairfield athletes act as representatives of the school and community and therefore are required to exhibit a well-groomed and appropriate appearance. The Principal and Athletic Director will determine Athletic Department guidelines as needed concerning the appropriateness of styles within the context of safety and accepted social norms.

SUMMER PROGRAM PARTICIPATION

Summer program participation is an opportunity for athletes to improve their conditioning and athletic skills. Athletes are encouraged to take advantage of these programs. In order to participate in these summer programs, athletes should submit a valid physical examination.

WEIGHT ROOM

The weight room is available for use by athletes before and after school as scheduled by the athletic director. No student shall use the weight room facilities without adult supervision. No food or drinks are allowed in the weight room. Teams must sign up for times with the athletic director to use the weight room while they are "in season" and during the "off season". Weights should be returned to the racks before athletes leave the area. Inappropriate use of the weight room will be cause for the athlete to be suspended from the facility for a period of time as set forth by the athletic directors.

PRE-SEASON PARENT MEETING

At the beginning of each sport season the athletes and their parents are asked to attend an OHSAA required meeting with the coaches of their sport to be informed of specific rules and policies that pertain to that particular sport.

SEASON PASSES

Season passes may be purchased from the athletic director or the high school secretary.

Family Pass	\$225.00
Adult "All Soorts" Pass	\$75.00
Basketball Pass Only	\$50.00
Basketball Only Pass - Student Or Sr. Citizen	\$40.00

NCAA & SCHOLARSHIPS

NCAA academic standards have been established for continued participation at the college level. Those athletes who are planning to pursue athletics at the collegiate level must see the Guidance Department for the newly published NCAA guidelines. This information contains a detailed description of requirements for collegiate athletic participation. Student-athletes who wish to participate in collegiate athletics must meet NCAA athletic eligibility requirements.

These requirements include but are not limited to:

1. Specific Grade Point Average in the Core Curriculum
2. Specific Scores on the ACT and/or the SAT
3. Must register with and be certified by the NCAA Initial-Eligibility Clearinghouse. To register go to www.ncaaclearinghouse.net/ncaa/NCAA/student/index_student.html.

ATHLETIC AWARDS

Awards are an integral part of most activities. They exist to reward, indicate belonging and show commitment to a cause. Awards are important and Fairfield athletes are recognized with a wide variety of earned awards. It is always very important to keep awards in perspective. Too many or inappropriate awards indicate a disregard for the true meaning of sport while too few can indicate a feeling of non-importance. In reality, awards cannot truly show what has been gained from competing in athletics... the development of loyalties, commitment to a cause, learning about one's limits and representing one's school, community, family, and self.

All Fairfield athletes, cheerleaders, and the support staff of OHSAA sanctioned sports that attend practices and contests are eligible to earn awards. Each sport gives the same type of awards and all awards are purchased by the school. Jackets, updates, and award patches are purchased by the athletes. No athlete may receive an award in a sport for which he/she is academically ineligible at the completion of the season, under suspension for an athletic violation or otherwise not in good standing in accordance with the Code of Conduct. Candidates must complete the season's play in order to receive an award; however, injuries may waive this stipulation. An athlete injured during the season must stay active in the sport in some capacity to earn their awards. No awards will be issued until equipment is turned in to the coach; all bills paid, and have been cleared by the coach. New athletes to Fairfield (transfers) upon proof will have their varsity letters earned at their previous school recognized by and count toward awards at Fairfield. The same is true for

participation at various levels of play at the previous school. This will be confirmed by the athletic director.

The athlete must attend the sports award program for their sport to receive their awards. Special situations requiring non-attendance must be arranged in advance with the coach.

FAIRFIELD AWARDS NIGHT

At the conclusion of each season, the Fairfield Athletic Department will hold an awards night at which time all school awards will be presented to the teams represented during that season.

Cheerleaders will be honored at the winter awards night. An athlete must be present, unless unforeseen circumstances occur, to receive their awards.

All awards will be presented on campus at the Fairfield High School Athletic Awards Night at the conclusion of each season.

VARSITY LETTER REQUIREMENTS

The Fairfield Athletic Department issues both a junior varsity and varsity sports letter. The awarding of a certificate will recognize participation in any other level of competition. The head coach of each sport determines the requirements for earning a varsity letter. Varsity lettering must include completion of the season in good standing with the team unless the season is ended by an injury, which occurs while participating in that sport.

LEO PANTHERA AWARD/ MVP

This award is given to recognize the athlete making the greatest contribution to his or her sport in terms of overall excellence in performance and leadership

LION PRIDE AWARD

This award is given to the athlete whose performance indicates a great degree of improvement, character development and participation during the season.

SOUTHERN HILLS ATHLETIC CONFERENCE AWARDS

As a member of the Southern Hills Athletic Conference, Fairfield athletes may be selected to All-Conference teams. Criteria for selection are governed by the constitution of the conference. Following the fall, winter, and spring sport seasons a banquet is held to honor those selected and all championship teams. The athletes who are selected as All-Conference team members are required to attend the banquet for their season. Also, the first and second place finishing teams in both large and small division must attend this banquet.

BANNERS

Banners will be displayed on the gymnasium wall for the following OHSAA and Conference achievements:

Senior banners purchased by individual athlete
OHSAA Championships at Sectional, Regional, and Semi-State Tournaments
OHSAA State Championships & Runner-up
OHSAA Team State Finalists
OHSAA Individual State Championship
Conference Championship
Conference Delmar Yockey Award
Basketball 1000 point club

COMMUNICATION GUIDE

Appropriate lines of communication are vital to all parties involved in high school athletics. Concerns are best handled and resolved as close to their origin as possible. The staff should be given the opportunity to consider the issue and address the concerns. A complaint about school personnel will be investigated fully and fairly, however no such action will take place until it is in writing and signed. *Anonymous complaints will be discarded.*

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to student athletes. As parents, when your son/daughter becomes involved in the program, you have the right to understand what expectations are placed on your child. This all starts with clear communication from the coach of your son/daughter.

As your child becomes involved in the various athletic programs of Fairfield Local Middle School and High School, it is our hope that he/she will experience some of the most rewarding moments of his/her life. It is important to understand that things may not always go as your child wishes. At these times, discussion with the coach may be desirable (in fact, encouraged) to clear up the issues and avoid any misunderstanding.

Appropriate Concerns to Discuss with Coach

- The treatment of your child mentally and physically
- Ways to help your child improve
- Concerns about your child's behavior

Inappropriate Concerns to Discuss with Coach

- Playing time
- Play Calling
- Position Assignments
- Team strategy
- Matters concerning other student athletes

It is very difficult to accept your child's not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be the best for all students involved. It is imperative that certain matters be left to the discretion of the coach.

Procedure to Follow if You Have a Concern to Discuss With a Coach

There are situations that may require a conference between the coach and a parent. Such a meeting is encouraged when necessary. It is important that both parties have a clear understanding of the other person's position. Each should be willing to listen. The following procedure should be followed to help promote a resolution to the issue:

- Contact the coach the day after a contest to set up an appointment.
- If a coach cannot be reached after a reasonable period of time, call the Athletic Director. An appointment with the coach will be arranged for you.
- **Important:** Please do not attempt to confront a coach before, during, or after a contest or practice session.

These can be emotional times for both the parents and the coach. Meetings of this nature do not promote resolution

The Next Step

What can a parent do if the meeting with the coach does not provide a satisfactory resolution? Although total agreement may not always be reached, most often such a meeting does afford the opportunity for productive discussion and better understanding. If the parent desires further communication, please call the Athletic Director to discuss the situation. The appropriate next step will be determined.

Proper Chain of Command for Complaints

Fairfield Local Middle and High School, in conjunction with the Athletic Department follows the chain of command listed below. We ask that you observe this order if you elect to pursue any concern you may have with regard to the athletic program:

1. The Coach
2. Athletic Director
3. Principal
4. Superintendent
5. Board Of Education

SPORTSMANSHIP PHILOSOPHY AND GUIDELINES

The Fairfield Local Middle School and High School Athletic Department believes that interscholastic competition involving member schools of the Ohio High School Athletic Association should be governed by the basic principles of good sportsmanship. This document has been prepared to insure that all participants have a common understanding of those basic principles. We believe that participation is more important than winning. We believe that students should be coached to play to the best of their ability and to understand that to play well is to play honorably. The promotion of sportsmanship is the obligation of all school personnel and is directed to the behavior of spectators, coaches, and players. An additional component to consider is coaches' ethics. We believe the development of good sportsmanship through the practice of ethical behavior and moral reasoning is one of the acknowledged objectives of interscholastic athletics. We therefore expect school administrators, coaches, athletes, cheerleaders, and spectators to know and embrace the following fundamentals of sportsmanship:

- Respect should be demonstrated for an athletic opponent and for their school at all times. We should treat visiting teams and their supporters as guests and accord them the consideration all persons deserve. Visiting schools should respect the property and dignity of their host school and its athletic teams.

- Respect should be demonstrated for the officials at all times. Officials must be assumed to be and accepted as impartial arbiters who are trained to do their job, and can be expected to do the job, to the best of their ability.
- Knowledge of and a proper respect for the current rules of the contest should guide the behavior of all participants. Rules are essential for a fair contest. Good sportsmanship suggests the importance of conforming to the spirit as well as the "letter" of the rules.
- All participants should strive to maintain self-control at all times. The desire to win should not be accepted as a reason for abandoning rational behavior. A proper perspective must be maintained by all if the potential educational values of athletic competition are to be realized.
- All participants should learn to recognize and appreciate skill in performance regardless of affiliation. Recognition of the good performance of an opponent is a demonstration of generosity and good will that is encouraged in all member schools. In order for good sportsmanship to prevail, it is essential that all participants understand their individual responsibilities and expected modes of behavior before, during, and after contests.

Coaches

The coaches bear the greatest responsibility for the development of sportsmanship as they have the greatest influence on the attitudes and behaviors of players, the student body, and the community. Coaches must value sportsmanship and teach it through their words and by example.

Therefore, coaches should embrace the following appropriate behavior:

- Instruct their players in the fundamentals of sportsmanship.
- Teach the value of conforming to the spirit as well as the letter of the rules.
- Make sportsmanlike behavior a matter of team discipline, with appropriate consequences for team members who display inappropriate behavior.
- Remind the student body at every opportunity that visiting teams are guests and, as their hosts, they should be polite and courteous.
- Respect the officials' judgment and interpretation of the rules.
- Demonstrate publicly the ideals of good sportsmanship by such acts as shaking hands with officials and opposing coaches before and after contests.

Coaches should avoid the following inappropriate behaviors:

- Use of profanity
- Ejection from contests
- Berating officials or players
- Inciting spectators/players to inappropriate behavior

Athletes

Because athletes are admired and respected, they exert a great deal of influence over the actions and behavior of the spectators. It is important that players:

- Treat opponents with the respect that is due them as guests and as fellow athletes.
- Shake hands with opponents and wish them good luck when appropriate.
- Exercise self-control at all times, accepting the judgment of the

officials as just that, the best judgment they could make given what they know and see.

- Never argue or make gestures indicating lack of respect for the officials' judgment.
- Accept both victory and defeat with pride and compassion.
- Congratulate opponents in a sincere manner following either victory or defeat.
- Accept seriously the responsibility and privilege of representing the school and community.

Athletes should avoid the following inappropriate behaviors:

- Use of profanity.
- Ejection from contests.
- Berating officials or fellow athletes.
- Inciting spectators and/or other athletes to inappropriate behavior.
- Leaving the bench area when not competing, or becoming involved in any type of altercation.

If an athlete receives a technical foul during a contest due to an inappropriate behavior, he or she will not be permitted to play the remainder of that contest. If an athlete receives a second technical foul in the same season for behavior, he or she will sit out the remainder of that game, as well as, the next game. The athlete and coach will be required to meet with the athletic director prior to playing again. If the same athlete receives a third technical foul in the same season for behavior, he or she will face further suspension and/or removal from the team - as determined by administration.

Cheerleaders

Cheerleaders are representatives of the student body. By setting a good example, the cheerleaders can influence and control the actions of the student spectators. They should:

- Establish standards of desirable behavior in keeping with the fundamentals of good sportsmanship for the cheerleaders and student spectators.
- Use positive cheers to encourage their own team without demeaning their opponents.
- Use discretion in deciding when to cheer and which cheers to use.
- Never attempt to distract opposing players or in any way interfere with their performance.
- Serve as hosts for visiting cheerleaders.

It should be noted that coaches and athletes ejected from interscholastic athletic contests will be accountable to the disciplinary procedure in the bylaws of the Ohio High School Athletic Association as printed in the Association's handbook. Further action above and beyond this may be invoked by the school administration.

Spectators

Partisan spectators by their behaviors and reactions determine to a large extent the reputation for sportsmanship of their school. Spectators should be reminded, and should keep in mind, that athletes are friendly rivals as members of opposing interscholastic teams. They expect to be treated in that manner. Spectators should be reminded too, that the contest should be between the teams and athletes engaged in the competition and

not between their supporters. It is important that all spectators:

- Know and demonstrate the fundamentals of good sportsmanship.
- Respect, cooperate, and respond enthusiastically to the cheerleaders, coaches, and athletes of all teams.
- Censure fellow spectators whose behavior is inappropriate.
- Be positive toward players and coaches regardless of the outcome of the contest.
- Respect the judgment and the professionalism of the officials and coaches.
- Spectators should avoid the following inappropriate behaviors:
Verbal/physical abuse of contest officials.
- Berating athletes, coaches, officials, or other spectators with chants, signs, or cheers.
Interruption of contests by throwing objects, entering the area of competition or becoming involved in disruptive behavior.

**The Fairfield Local School District administration has the right to suspend any fan that is removed from a contest. The length of the suspension will be at the discretion of the administration, which may include one contest, one sport season, or for the remainder of the school year.*

We believe that each participant should be committed to upholding the ideals of good sportsmanship put forth in this document. In this spirit, it should be understood, appropriate disciplinary action will be taken when incidents of inappropriate behavior occur. We also recognize the importance of communication and co-operation among school officials when incidents of inappropriate behavior arise. The quality of our athletic program depends upon this natural respect. We also believe that being proactive is vital to the education of our students and spectators.

Responsibilities of a Fairfield Local Interscholastic Athlete

Being a member of a Fairfield interscholastic athletic team is the fulfillment of an early ambition for many students. The attainment of this goal carries with it certain traditions and responsibilities that must be maintained. A great athletic tradition is not built overnight. It takes the hard work of many people over many years. As a member of an interscholastic squad, you have inherited a wonderful tradition, a tradition you are challenged to uphold. Our tradition has been to win with honor. We desire to win, but only with honor to our athletes, our school, and our community. Such a tradition is worthy of the best effort of all concerned. Over many years, our athletic program has achieved more than its share of conference and tournament championships. Many individuals have set records and won All-Conference and other individual honors. It will not be easy to contribute to such a great athletic tradition. To compete for your school means that you have agreed to abide by a higher code of conduct. You will have to say "no" to temptations an athlete cannot afford. When you wear the Red and White, we assume that you not only understand our traditions, but are also willing to assume the responsibilities that go along with them. However, the contributions you make should be a satisfying accomplishment to you and your family.

Responsibilities to Yourself

The most important of these responsibilities is to broaden and develop your strength of character. You owe it to yourself to get the greatest possible good from your school experience. Your studies, your participation in other extra-curricular activities, as well as in athletics prepare you for your life as an adult.

Responsibilities to Your School

Another responsibility you assume as a member of an athletic team is to your school. Fairfield cannot maintain its position as having an outstanding school unless you do your best in whatever activity in which you become involved. By participating in interscholastic athletics to the best of your ability, you are contributing to the reputation of your school. You assume a leadership role when you are on an athletic squad, to the student body and citizens of the community know you. You are on the stage with the spotlight on you. The student body, the community and other communities judge our school by your conduct and attitudes, both on and off the field. Because of this leadership role, you can contribute greatly to school spirit and community pride. Make Fairfield proud of you and your community proud of your school by your faithful exemplification of these ideals.

Responsibilities to Others

As a squad member, you also bear a responsibility to your home and family. You should never give your family anything of which to be ashamed. You must measure up to the full code of conduct. You should practice to the best of your ability every day. If you have played the game "all out," you keep your self-respect and your family can be proud of you.
